The following is an examiner's statement of reasons for allowance: a refrigeration system and method of controlling the refrigeration system in which the temperature of one chamber is controlled by regulating the flow of air between it and another chamber wherein either chamber can be controlled to a temperature setpoint higher than that of the other chamber was not disclosed by the prior art nor would have been obvious to one of ordinary skill in the art at the time the invention was made.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with applicant's representative, Mr. Thomas Fisher, on April 14, 2004.

The application has been amended as follows: In claim 1 at line 8 after "refrigeration chamber at" and before "a temperature above the" insert -- one of --.
